

SCHOOL ASSEMBLIES & WORKSHOPS

Prevention conversations for grades 6–12

Help students recognize pressure, blind spots, and real consequences before a decision becomes permanent.

Prevention conversations that meet students where they are

Life CONsequences creates direct, age-appropriate conversations for middle and high school students about decision-making, impaired driving, substance use, mental health, and the pressures that can shape a future.

SCHOOLS ON OUR WAITLIST

Join the list and we'll work with you to look for sponsorship that can make it free for your students. The number of schools that have requested a LifeCON assembly is published only when the founder confirms the current count. Contact Life CONsequences to discuss your school's timing, students, and funding needs.

Program options

LIFE CONSEQUENCES KEYNOTE

A focused school-wide assembly built around Ethan Fisher's lived experience and the choices young people face before a moment becomes permanent. The program is designed for grades 6–12 and can be tailored to the community's priorities.

5 KEYS WORKSHOP

A deeper, interactive follow-up for student leaders, teams, or smaller groups. Based on Ethan's book **From Failure to Success**, distributed by Simon & Schuster, the workshop invites practical reflection on accountability, goals, choices, perseverance, and faith in a non-religious context.

COACHING & FOLLOW-UP

Additional conversations can help schools extend the message beyond a single assembly with support for student leaders, athletic communities, families, and educators.

Meet the founder

ETHAN FISHER

Ethan spent 11 years in state custody after a decision that changed multiple lives. Today, his work centers on helping students look ahead before pressure, blind spots, or a single decision changes what is possible.

Founder Ethan Fisher has spoken at 750+ events to about 300,000 people nationwide, and was named 2023 APCA Speaker of the Year for his college speaking.

His book, **From Failure to Success**, and his basketball story are part of a prevention message grounded in accountability and honest conversation.
